THE HIGHEST QUALITY MOTORIZED SOLUTIONS TO PUT YOUR TECHNOLOGY IN MOTION

Nexus 21 is the leader in reliable, ultra-quiet, motorized solutions that put technology in motion. From television pop-up and ceiling lifts, to projector and storage concealment mechanisms, to motorized wall mounts, we break down the barriers of conventional design and room orientation with covert integrations for any space.

Our products are the quietest, most reliable and easiest to install on the market. Based in the United States, we back every motorized system with the industry's longest and most comprehensive warranty, making our solutions the perfect choice for professionals and homeowners alike.

TV LIFTS

Pop-Up TV Lifts

Our flagship series. This comprehensive line of ultra-quiet motorized pop-up lift solutions made Nexus 21 the world leader in hidden TV lifts and concealment systems.

Homeowners and professionals are often challenged with placing screens throughout living spaces while maintaining the flow of decor. Large, stationary TVs can block stunning window views and dominate space, even when they're not in use.

Our pop-up TV lifts can be built into cabinets, beds and other furniture - or even under the floor - to maximize and preserve the balance of a space.

POP-UP & POP-UP SWIVEL TV LIFTS

Available with or without swivel, our pop-up TV lifts accommodate screens from 17" to 90"+.

SPECIALTY POP-UP TV LIFTS

To handle less common applications, we offer enclosure, dual-screen, heavyweight and extended-travel TV lifts. You can add an aesthetic cover to conceal the back of the TV, lift multiple screens at once, accommodate specialty televisions or lift a screen from beneath the floor.

MODEL L-27's Pop-Up TV Lift

CEILING SOLUTIONS

Drop-Down & Flip-Down TV Lifts

Technology can emerge from anywhere in the home - including the ceiling. Whether you need to preserve an incredible view, or simply prefer the minimalist aesthetic, the possibilities are endless with drop-down and flip-down TV lifts.

MODEL L-75ix Drop-Down + Motorized Swivel TV Lift

MODEL CL-65e Flip-Down + Extend TV Lift

DROP-DOWN TV LIFTS

Our drop-down TV lifts accommodate screens from 17" to 75", allowing them to descend from the ceiling with the touch of a button, and hide away when not in use.

FLIP-DOWN TV LIFTS

Our flip-down TV lifts feature ultra-slim installation depth requirements, and fold screens flat into the ceiling for 100% concealment at the touch of a button.

ECLIPSE E-550 Projector Drop-Down

PROJECTOR LIFTS

Eclipse Series Projector Drop-Down Lifts

The Eclipse Series is the ultimate in stealth concealment for residential projectors, featuring the most innovative installation features on the market and a sleek presentation. Accommodates 400+ projector models.

MOTORIZED WALL MOUNTS

Optimal screen positioning is key to any living room or gathering place. The Apex Motorized TV Wall Mount revolutionizes positioning technology with a seamless blend of high function and sleek aesthetics. Nearly gapless in-wall mounting, simple installation and "Smart Drive" technology make this mount a standout.

APEX Motorized Wall Mount

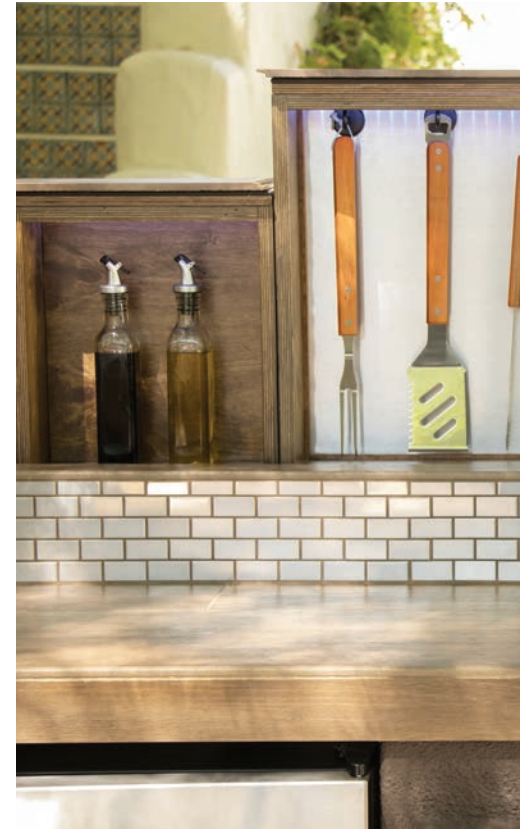

STORAGE LIFTS

Concealment Systems & Unique Applications

Reclaim dead space with a Nexus 21 storage lift. Conceal coffee stations or other appliances, hide valuables, or create a show-stopping hidden bar. The possibilities are endless.

COMMON APPLICATIONS

RESIDENTIAL

Nexus 21 lifts are used to break down the barriers of conventional design and room orientation to preserve the flow of any space.

COMMERCIAL

From office desks to restaurants, concealing and revealing screens, projectors and other components allows for endless design possibilities in commercial spaces.

OUTDOOR

Nexus 21 lifts add a new dimension of luxury to outdoor living. Every solution features a powder-coat finish and stainless steel hardware for protection from the elements.

MARINE

Nexus 21 lifts are perfectly suited for yachts and other watercrafts, where every inch of space counts and luxurious presentation is a must.

HOSPITALITY

Hotels around the world pleasantly surprise guests with the luxurious amenity of a hidden TV, maximizing function while maintaining a sleek room design.
